Teenage Mutant Ninja Turtles®

Carnivorous robots chow down in China Town, while brutal "Foot" Clan Ninjitsu Warriors bust up bystanders from the Bronx to Broadway.

Police Swat Teams can't stop them, but the Teenage Mutant Ninja Turtles can.

You'll team up with these heroes in a half shell armed with nunchukus, wacko bombs, an armed blimp and machine gunnin' party bus, mixing it up with the nasty Ninjitsus, knocking them senseless or getting yourself turned into turtle soup.

For 1 player only

**COMING
SOON**

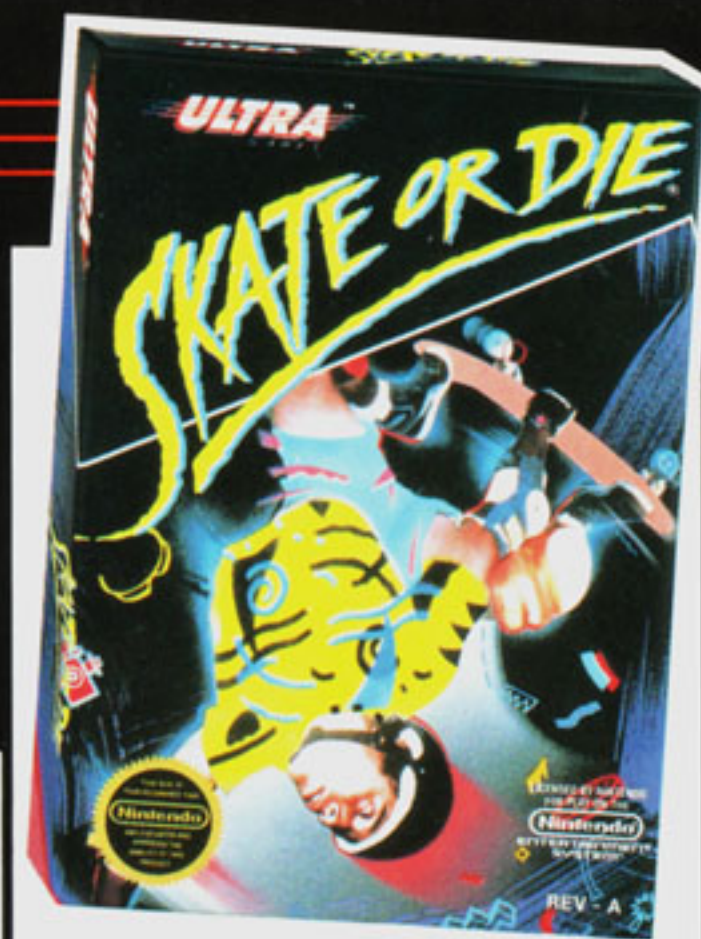

Defender Of The Crown™

Ruthless traitors have killed your mighty King, and you, the brave, furious Knight, are destined to avenge the murder.

To reclaim the crown and win over the beautiful maiden, you must clash with hordes of plundering Normans, using your valiant strength and skill through nearly 30 movie-like animated screens.

So charge forth, trampling the enemy during daring jousts, breathtaking swordfights, hairy crossbow duels, and courageous castle sieges. And, when it's all over, if you're still alive, you won't be sorry, you'll be King.

For 1 player only.

Skate Or Die®

Psych up for 5 of the raddest skating events ever.

Shoot ramps, race downhill, go for rock n' rolls, hand plants, aerials, rail slides and methods in three of the twisted trials.

Then duel to the death with Bionic Lester, in the jam and joust.

And finally skateboard and karate chop your way through an alley of thugs, trash and traffic hazards.

Just squirt a little oil onto your ball bearings. And prepare to Skate or Die.

Features simultaneous play for 2 players or play against the computer.

Metal Gear™

Outer Heaven leader Vernon CaTaffy has activated the ultimate weapon: Metal Gear.

Trained in hand-to-hand combat and skilled in every weapon known to man, you'll have to surprise heavily armed enemies, busting 'em up quietly and rescuing their hostages before triggering alarms.

Plus you'll have to maintain radio contact with headquarters, via your transceiver, for crucial info on how to locate and use special weapons, including submachine guns, Baretas, grenade launchers, plastic explosives...

And you'll need it all to find and destroy Metal Gear.

For 1 player only.
